Catalog Use

This catalog contains information that is current as of spring semester 2007.

Students normally may fulfill degree requirements identified in any combination of University of Minnesota Duluth (UMD) catalogs that have been in effect since their entry into a college or University and within eight years before graduation from UMD. The contents of this catalog and other University catalogs, publications, and announcements are subject to change without notice to accommodate requirements of accrediting agencies, budgetary restrictions, and policy modifications, and these changes may be applied to current students. Information about any changes can be obtained from appropriate department and college offices or the Office of Financial Aid and Registrar (OFAR).

Students may use a different catalog to determine degree requirements for each major, minor, and the liberal education distribution requirements. Only one catalog may be used, however, to determine a student's individual major, minor, or liberal education requirements.

The University of Minnesota Duluth Catalog is available
online at www.catalogs.umn.edu/umd/index.html.

University of Minnesota Mission Statement

The University of Minnesota, founded in the belief that all people are enriched by understanding, is dedicated to the advancement of learning and the search for truth; to the sharing of this knowledge through education for a diverse community; and to the application of this knowledge to benefit the people of the state, the nation, and the world.

The University's mission, carried out on multiple campuses and throughout the state, is threefold:

- **Research and Discovery**—Generate and preserve knowledge, understanding, and creativity by conducting high-quality research, scholarship, and artistic activity that benefit students, scholars, and communities across the state, the nation, and the world.
- **Teaching and Learning**—Share that knowledge, understanding, and creativity by providing a broad range of educational programs in a strong and diverse community of learners and teachers, and prepare graduate, professional, and undergraduate students, as well as non-degree-seeking students interested in continuing education and lifelong learning, for active roles in a multiracial and multicultural world.

- **Outreach and Public Service**—Extend, apply, and exchange knowledge between the University and society by applying scholarly expertise to community problems, by helping organizations and individuals respond to their changing environments, and by making the knowledge and resources created and preserved at the University accessible to the citizens of the state, the nation, and the world.

In all of its activities, the University strives to sustain an open exchange of ideas in an environment that embodies the values of academic freedom, responsibility, integrity, and cooperation; that provides an atmosphere of mutual respect, free from racism, sexism, and other forms of prejudice and intolerance; that assists individuals, institutions, and communities in responding to a continuously changing world; that is conscious of and responsive to the needs of the many communities it is committed to serving; that creates and supports partnerships within the University, with other educational systems and institutions, and with communities to achieve common goals; and that inspires, sets high expectations for, and empowers the individuals within its community.

Equal Opportunity

The University of Minnesota is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, national origin, sex, age, marital status, disability, public assistance status, veteran status, or sexual orientation.

On the UMD campus, inquiries regarding compliance may be directed to Deborah Petersen-Perlman, Director, Office of Equal Opportunity, University of Minnesota Duluth, 273 Darland Administration Building, 1049 University Drive, Duluth, MN 55812-3011 (218-726-6849 or FAX 218-726-7505). For more information, visit www.d.umn.edu/umdoeo/.

Inquiries regarding compliance also may be directed to the director, Office of Equal Opportunity and Affirmative Action, University of Minnesota, 419 Morrill Hall, 100 Church Street S.E., Minneapolis, MN 55455 (612-624-9547). For additional information, visit www.eoaffact.umn.edu/eoahome.html.

Organization

The University of Minnesota was established in 1851 by an act of the Minnesota territorial legislature. It is governed by an autonomous Board of Regents that enacts laws governing the institution, controls expenditures, and acts upon all staff changes. The board is composed of 12 individuals appointed by the state legislature. The president of the University is the ex-officio head of the board and is directly responsible to the regents as the University's chief executive officer.

UMD became a coordinate campus of the University of Minnesota by legislative act on July 1, 1947. The campus is administered by a chancellor, who reports to the president of the University. The Duluth campus is organized into four broad functional areas: academic administration, academic support and student life, finance and operations, and university relations. Each area is headed by a vice chancellor who reports directly to the chancellor.

University of Minnesota Duluth Mission Statement

UMD serves northern Minnesota, the state, and the nation as a medium-sized comprehensive university dedicated to excellence in all of its programs and operations. As a university community in which knowledge is sought as well as taught, its faculty recognizes the importance of scholarship and service, the intrinsic value of research, and the significance of a primary commitment to quality instruction.

At UMD, a firm liberal arts foundation anchors a variety of traditional degree programs, outreach offerings, and selected professional and graduate studies. Active learning through internships, honors programs, research, and community service promotes the development of skills, critical thinking, and maturity sought by society. Demanding standards of performance for students, faculty, and staff make UMD attractive to students with strong academic potential.

The campus contributes to meeting the cultural needs of the region and serves as a focal point for the economic development of the region through community outreach and through an emphasis on the sea-grant and land-grant components of its program.

UMD significantly contributes to enhancing the national stature of the University of Minnesota by emphasizing quality programs central to the University and the distinctive mission of UMD within the University system.

Providing an alternative to both a large research-oriented university and to a small liberal arts college, UMD seeks students looking for programs that emphasize personalized living and learning experiences on a medium-sized campus of a major university.

Academic Administration

UMD has five undergraduate colleges and schools, each headed by a dean who reports to the vice chancellor for academic administration:

Labovitz School of Business and Economics
104 School of Business and Economics
218-726-7281

sbe@d.umn.edu or www.d.umn.edu/lbsbe

College of Education and Human Service Professions

125 Bohannon Hall
218-726-7156

cehsp@d.umn.edu or www.d.umn.edu/cehsp

School of Fine Arts

212 Humanities Building
218-726-7261

sfa@d.umn.edu or www.d.umn.edu/finearts/

College of Liberal Arts

306 Kirby Plaza
218-726-8180

clasa@d.umn.edu or www.d.umn.edu/cla/

Swenson College of Science and Engineering

140 Engineering Building
218-726-6497

cse@d.umn.edu or www.d.umn.edu/cse

Academic support units including Information Technology Systems and Services, the Library, and Continuing Education are under the jurisdiction of the vice chancellor for academic administration, who also oversees the Natural Resources Research Institute and Minnesota Sea Grant. The University of Minnesota Medical School Duluth, a branch of the University of Minnesota Medical School, offers a two-year basic science curriculum and focuses on the training of rural physicians. The University of Minnesota College of Pharmacy, Duluth campus is administered by a senior associate dean who has a direct reporting line to the dean of the College of Pharmacy on the Twin Cities campus.

Academic Support and Student Life

The vice chancellor for academic support and student life has administrative jurisdiction over the support network necessary for making every UMD student's academic experience a well-rounded journey of active learning and personal growth. This network of support includes Admissions, Financial Aid and Registrar (OFAR) including the student assistance center, Disability Services and Resources, Equity Programs, Career Services, First-Year Experience, Supportive Services Program, Health Services, Kirby Student Center, Recreational Sports, Student Life, and Systems Operation and Control Unit.

Finance and Operations

The vice chancellor for finance and operations has administrative jurisdiction over this division that encompasses the Business Office, Human Resources, Facilities Management, Campus Police, and Auxiliary Services. Its responsibilities include financial records, collection of tuition, disbursement of funds, loan collections, inventory, the campus transportation pool, payroll, hiring, training, real estate, construction, building maintenance, campus security, parking, housing, dining services, catering, the bookstore, and serving as the campus' legislative liaison.

University Relations

The vice chancellor for university relations has administrative jurisdiction over University Relations including Alumni, Development, Intercollegiate Athletics, Public Relations, Photography, Publications, and KUMD radio station.

Visit UMD online at www.d.umn.edu.

The UMD Student Life Creed*

The University of Minnesota Duluth is a community dedicated to fostering personal and academic growth for all of its members. We are united in this common cause, because empowering all members of the community to achieve personal and academic excellence requires order, respect, integrity, and trust. When joining the community, an individual is agreeing to live by certain ideals and strive for the level of achievement and values suggested by the following:

I will practice personal and academic integrity.

A commitment to this ideal pledges honesty in relationships and academic work. It encourages doing one's own work, being truthful, giving credit where it is due, and being loyal in personal relationships.

I will respect the rights and property of others.

This ideal pledges respect for the personal rights of others to move about freely, express themselves appropriately, and enjoy privacy. It respects the property of individuals and the community.

I will practice personal responsibility in all manner of thought and action.

A commitment to this ideal presupposes an attitude of accountability and dependability toward others. It expects respect for the UMD society and anticipates an active participation within the community.

I will acknowledge diversity in people, ideas, and opinions and strive to learn from differences in others.

A commitment to this ideal pledges support for equal rights and opportunities for all individuals regardless of their age, sex, race, religion, disability, ethnic heritage, socioeconomic status, sexual preference, and political, social, or other affiliation or disaffiliation.

I will demonstrate caring and concern for others, their feelings, and their need for conditions that support their growth and development.

A commitment to this ideal is a pledge to be compassionate and considerate. It means being sensitive, hospitable, and supportive in order that all members of the UMD community are provided optimal conditions to be successful in their pursuit of academic and personal goals.

I will uphold generally accepted and respected principles of citizenship.

A commitment to this ideal is a promise to respect the welfare of the whole, understand membership privileges, and contribute to this community. It recognizes that each person is a valuable and unique community member. This community has behavioral standards to which each of us is accountable. Each of us has an affirmative obligation to confront, challenge, and respond to or report inappropriate behavior whenever and wherever encountered.

* Excerpts used with permission (The Carolinian Creed, University of South Carolina).

Academic Programs

UMD offers the following programs of study.

- Four-year baccalaureate degree programs in accounting and business administration, areas of engineering, fine arts, liberal arts and sciences, applied arts and sciences, and elementary, middle, and secondary school teaching.
- Master's degree programs in advocacy and political leadership, applied and computational mathematics, art (with emphasis in graphic design), business administration, chemistry, communication sciences and disorders, computer science, criminology, education, electrical and computer engineering, engineering management, English (emphasis in literary studies, English studies, and publishing and printing), environmental health and safety, geological sciences, liberal studies, music, physics, social work, and special education.
- A two-year basic sciences medical school program which leads to the doctor of medicine degree through transfer to the University of Minnesota Medical School or another medical school.
- The doctor of education degree with a major in teaching and learning is an applied degree for the professional development of P-12, community college and university faculty and administrators, professionals in other human service professions, as well as business professionals involved in education and training activities.
- Cooperative master of science and doctor of philosophy degree programs with the Twin Cities campus in biochemistry, molecular biology, and biophysics; microbiology, immunology, and cancer biology; pharmacology; and cellular and integrative physiology.

- A four-year doctor of pharmacy program on the Duluth campus offered through the College of Pharmacy, Twin Cities campus.
- All-University graduate (master's and doctor of philosophy) programs in integrated biosciences toxicology and water resources science. These programs offer on-site and interactive video coursework on the Duluth, Minneapolis and Saint Paul campuses of the University.

In addition to the basic academic programs offered by UMD and the University of Minnesota Graduate School, many other educational opportunities are available to UMD students, faculty, and residents of northeastern Minnesota. Students are urged to carefully examine these opportunities when considering UMD and when planning their UMD programs.

Honors Program

The honors program offers motivated students who are serious about their intellectual and personal growth a variety of special classes enhanced by cultural events and activities, as well as leadership and research opportunities.

During their first two years at UMD, honors students enroll in three honors-designated courses, satisfying liberal education program requirements in addition to honors program requirements. In the junior year, honors students come together for Honors Advanced Writing. Honors students begin working closely with a faculty member during their junior year to complete a capstone project which they will present in Honors 4000: Senior Colloquium prior to graduation. Each year a seminar series for honors students features faculty presentations and discussions of their work.

The program director works with honors students on their academic and personal development. The full program description is available online at www.d.umn.edu/honors. For more information, contact the honors program director at hons@d.umn.edu.

Accreditation

As a campus the University of Minnesota, Duluth is accredited by the Higher Learning Commission and is a member of the North Central Association, 30 N. LaSalle Street, Suite 2400, Chicago, IL 60602-2504 (Web site: www.ncahigher-learningcommission.org Phone (312-263-0456). In addition, individual programs are accredited by appropriate organizations, including the Accreditation Council for Pharmacy Education; Association to Advance Collegiate Schools of

Business International (AACSB International); SOPHE/AAHE Baccalaureate Program Approval Committee (SABPAC); Board of Teaching, Minnesota; Commission on Accreditation for Athletic Training (CAATE); Commission on Accreditation of Allied Health Education Programs (CAAHEP); Engineering Accreditation Commission and Computer Science Accreditation; American Speech-Language-Hearing Association; Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA); Council for Exceptional Children; Council on Social Work Education (CSWE); Engineering Accreditation Commission (EAC), Accreditation Board for Engineering and Technology (ABET); Liaison Committee on Medical Education of the Association of American Medical Colleges; National Council for Accreditation of Teacher Education (NCATE); National Recreation and Park Association; American Association for Leisure and Recreation; National Science Teachers Association; National Council for Teaching Mathematics; and the National Association of Schools of Music.

Expenses

The cost of attending UMD for Minnesota residents who are full-time students living in campus resident halls is approximately \$18,282 per year. Actual expenditures may be lower for students who live with family or who otherwise economize on room, board, transportation, and discretionary expenses. University tuition and fees are subject to change by the Board of Regents. Current tuition and fees can be found at www.d.umn.edu/registrar/tuition_and_fees.html.

Beginning fall 2007, UMD will initiate tuition banding. Students will pay tuition for the first through the thirteenth credit on a per credit basis.

Student Health Insurance—All degree-seeking students registered for six or more credits are required by the University to carry health insurance. Students covered by family or other private insurance policies fulfill this requirement and must furnish the names and policy numbers of their carriers each semester at registration. Qualified students may purchase a student health insurance policy for a full 12 months. The policy is valid 24 hours a day, worldwide. Those interested in dependent coverage should contact the Student Health Benefits Office at 800-232-9017 or 612-624-0627; or visit www.d.umn.edu/registrar/health.html.

Student Identification Card—UMD issues a U Card, the University's official student identification card, to every student at the time of initial registration. U Cards bear the student's name,

student file number, and photograph, and are permanent identification to be used during the entire time students attend the University. Students should keep their U Cards in their possession at all times as they must be presented to obtain various University services. The U Card Office is located at 127 Kirby Plaza.

Student Fees

Student Service Fee—This fee is required of students registered for six or more credits in any semester, and three or more credits in any summer session. Students exempt from this fee include those living beyond the commuting area while doing research away from campus, and those registered only for the purpose of consulting with their major adviser by mail or on occasional visits to campus. The Student Service Fee is distributed among various campus service organizations. Any student who is not required to pay the fee may elect to do so and thus become eligible for all services it covers.

Health Services Fee—This fee is a portion of the Student Service Fee and gives students access to the professional health care and services provided by UMD Health Services. (X-ray, laboratory services, minor surgery, and some special procedures may be billed to the patient's health insurance.) The fee is required of all students registered for six or more credits in any semester, or three or more credits in any summer session, except those living beyond the commuting area while doing research away from campus, those registered only for the purpose of working on starred papers, and those registered only for the purpose of consulting with their major adviser by mail or on occasional visits to campus. Health Services provides quality medical, counseling, and health education services for students of the UMD campus community. The goal of its dedicated professional staff is to provide the services necessary to ensure academic success and help students develop healthy personal lifestyles. Any student (including Continuing Education) not required to pay the fee may elect to do so and thus become eligible for all services it covers. Spouses of students may also elect to pay the fee and become eligible for services.

Basic Internet and E-Mail Access Fee—This fee is required for all students and is assessed based on the number of credits taken each term. It provides access to basic network services such as e-mail and other Internet resources, even if a student is not registered in any courses requiring microcomputer lab time. For more information, contact the Information Technology Systems and Services Help Desk at 218-726-8847.

Collegiate Equipment and Technology Fee—This is a mandatory fee assessed each semester for students registered for five or more credits. It supports technology initiatives in the colleges, schools, and library.

Full Computer Lab Access Fee—This fee provides access to full-service laboratories with advanced hardware and software, and is assessed at registration for courses listed at the following Web site: www.webapps.d.umn.edu/cgi-bin/etc/labs/public/classlist. It is assessed only once per term, even if a student registers for more than one of the courses listed. Students can pay per-page printing fees by charging them to their U Card accounts or by purchasing a Debitex card for printing. Students who wish to use computers on campus but who are not registered in any of the courses that require computer lab access may purchase a computer access card from the Cashiers Office or the Computer Corner. For more information, contact Information Technology Systems and Services Help Desk, 218-726-8847.

Course Fee—For the most current information about course fees, visit www.d.umn.edu/registrar/Coursefees2006-7.htm.

Public Interest Research Group (MPIRG)—This optional/refundable fee is charged each semester at registration. Payment is refundable through the Student Association.

Student Legislative Coalition (SLC)—This optional/refundable fee is charged each semester at registration. Payment is refundable through the Student Association.

University Fee—This fee helps cover infrastructure and administrative support costs in a wide variety of areas. The fee is assessed to all students and is prorated as follows: nine or fewer credits—assessed per credit, 10 or more credits—assessed as a standard fee.

Refunds

Students receive a 100 percent tuition and fee refund if they cancel their registration on or before the end of the first week of the semester; 75 percent on or before the end of the second week; 50 percent on or before the end of third week; 25 percent on or before the end of the fourth week. No refunds are given after the fourth week. Courses that are shorter in length than the full semester have an abbreviated refund schedule.

No retroactive refunds are given for canceling a course or withdrawing from school. The date used to determine the refund amount is the date a student processes a course cancellation via the Web registration system or notifies the Student Assistance Center, 21 Solon Campus Center, of their intent to withdraw from school.

Special consideration is given for course cancellations due to medical problems, attendance at other academic institutions, rules of individual academic departments, active military duty, or disciplinary actions. The student must petition and provide documentation for exemption from the refund policy.

After the eighth week of the semester, no refunds will be granted unless a student's situation fits one of the special categories listed above. In the event that students receive a refund, financial aid recipients may have some funds returned to the aid source.

Residence Status

Residence—Because the University is a state institution, Minnesota residents pay lower tuition than nonresidents and, in many programs, receive priority consideration for admission. For information regarding residency status requirements, contact the associate registrar, 184 Darland Administration Building, 1049 University Drive, Duluth, MN 55812 (218-726-8799).

Reciprocity—The University has undergraduate reciprocity agreements with Kansas, Michigan, Missouri, Nebraska, North Dakota, South Dakota, Wisconsin, and Manitoba. Students who are residents of any of these states or this province, may qualify for reciprocity tuition rates, which are lower than nonresident tuition rates and, in some cases, comparable to resident rates. For more information, contact the associate registrar, 184 Darland Administration Building, 1049 University Drive, Duluth, MN 55812 (218-726-8799).

The University has reciprocity agreements for admitted graduate school students with North Dakota, South Dakota, Wisconsin, and Manitoba.

Financial Aid

Eligibility Requirements

To be considered for financial aid, a student must be admitted to a degree, or eligible certificate-seeking program at UMD, maintain satisfactory academic progress, meet eligibility requirements, and be familiar with the information provided on the Office of Financial Aid and Registrar (OFAR) Web site at www.d.umn.edu/fareg.

General Information

Financial aid awards are initially based upon full-time enrollment each term. Awards may be reduced or canceled if a student is not enrolled full-time. Students seeking financial aid should

be prepared to register for classes early. Federal and state regulations have restrictions on disbursing financial aid based on credits added after the end of the second week of a term. Registration after the start of a term may result in the delay or cancellation of part or all of a student's financial aid award(s).

Federal regulations also prohibit the disbursement of aid more than 10 days before the start of the academic term. For this reason, students should plan ahead for a means to pay expenses such as books or off-campus housing expenses they may have prior to the start of each term.

How to Apply

To be considered for financial aid at UMD, students must complete the Free Application for Federal Student Aid (FAFSA). Students can complete and submit the application electronically at www.fafsa.ed.gov, or fill out a paper application available from a high school counselor or at the Student Assistance Center, 21 Solon Campus Center, or Office of Admissions.

Within several weeks of receipt of a student's FAFSA, the Federal Processing Center (FPC) at the U.S. Department of Education determines the Expected Family Contribution (EFC) and sends a Student Aid Report (SAR). Students who have completed the FAFSA online also will be able to review their SAR online. Students and their families should review their SAR for accuracy.

The UMD Office of Financial Aid and Registrar (OFAR) receives the FAFSA information from the FPC and reviews any additional, related documentation. Once the OFAR determines the award(s), it sends an e-mail to the student's University-assigned e-mail account to notify them that their Electronic Financial Aid Award Notice (e-FAAN) is available at www.d.umn.edu/fareg.

A financial aid award package consists of funding from one or more financial aid programs and is designed to help meet educational costs. OFAR reviews every student's application for eligibility for all federal, state, and institutional programs.

UMD understands that each student has a unique financial situation. Unfortunately, due to the funding limits of the various programs, UMD cannot always completely meet the needs of every student. Financial aid is intended to supplement, not replace, financial support from students and their families. Therefore, the primary responsibility for paying for school rests with the family.

Introduction and General Information

Types of Financial Aid

UMD participates in various federal, state, and local aid programs. For additional information on these financial aid programs, including the types of programs available and their eligibility requirements, visit the Student Assistance Center, 21 Solon Campus Center (218-726-8000 or 800-232-1339; umdhelpp@d.umn.edu; www.d.umn.edu/fareg).

Student Employment—The Office of Student Employment has positions available at the University and throughout the Duluth community through two separate employment programs: college work-study and miscellaneous employment. Students must be enrolled at least half-time to be eligible for both programs. Job vacancies for both on- and off-campus positions are posted online at www.d.umn.edu/umdhr/studentjobs.

Veterans Benefits

Students eligible for veterans benefits should contact the Veterans Resource Center (VRC) on the UMD campus, 102 Darland Administration Building, 1049 University Drive, Duluth, MN 55812-3011 (218-726-8791); or the benefits coordinator, 139 Darland Administration Building, 1049 University Drive (218-726-8806); or visit the online VRC at www.d.umn.edu/registrar/veterans.

Setting

Duluth is situated at the western end of Lake Superior, the largest freshwater lake in the world. Stretching nearly 25 miles along the 600-foot-high headlands of the lake, Duluth truly is a unique city, serving as a popular tourist attraction as well as a busy international port hundreds of miles from the ocean.

The city is part of a seven-county area in north-eastern Minnesota called the Arrowhead which offers unlimited opportunities to round out the college experience: sightseeing and rock climbing along the North Shore of Lake Superior, canoeing and camping in the Boundary Waters Canoe Wilderness Area north of Duluth, sailing on Lake Superior, and skiing at Spirit Mountain, just minutes from downtown. Duluth's Minnesota Point is a popular spot for in-line skating, walking, and biking; and just four miles from campus, Canal Park offers shopping, sightseeing, and a connection to the scenic Lakewalk.

Superior, Wisconsin, is Duluth's sister city across the bay. Often referred to as the Twin Ports, the two cities have a combined population of more than 110,000, which supports many cultural organizations and activities beyond those that

the UMD campus offers. These include the Duluth-Superior Symphony Orchestra, Minnesota Ballet, Duluth Art Institute, and Duluth Playhouse (the nation's oldest continuous community theatre). Residents of the Twin Ports live only 150 miles from the Twin Cities of Minneapolis and St. Paul and the many cultural activities available there.

UMD Campus

The Duluth campus consists of several tracts of land in the eastern section and outlying areas of Duluth. The majority of UMD's facilities are located on the 244-acre main campus. A few blocks away, two buildings on the 3.5-acre lower campus provide office and research space. UMD's campus affords not only a scenic view of Lake Superior but also quick access to downtown Duluth and area community centers.

UMD joined a regional and national trend by prohibiting smoking in campus buildings. Smoking is prohibited in all indoor facilities, including faculty and staff offices and the Kirby Plaza cafeteria.

William R. Bagley Nature Area—This 14.25-acre tract is a unique study and recreational area immediately adjacent to the campus. Included in the area are two miles of nature trails, an observation deck, and flora of unusual diversity. The William R. Bagley family donated much of the area included in the arboretum to the University.

Marshall W. Alworth Hall—Houses the Departments of Electrical and Computer Engineering and Physics, classrooms, Information Technology Systems and Services, a general purpose computer lab, and a lecture hall for 156 persons. UMD students, area public school students, and the public use the planetarium, which is located at the western end of the campus building complex. It is named for Marshall W. Alworth, who provided funds for the facility.

A.B. Anderson Hall—Accommodates the Departments of History, Philosophy, and Communication. It also contains uniquely designed case-study rooms and several art studios.

Bohannon Hall—Provides offices for the American Indian Learning Resource Center, and the Departments of Communication Sciences and Disorders, Psychology, and Social Work. The offices of the College of Education and Human Service Professions are on the first floor.

Robert W. Bridges Fleet Grounds Maintenance Building—Houses vehicle bays to accommodate equipment, vehicle maintenance, storage, is used by the landscape gardeners and student grounds employees, and has a seating area that

can accommodate 40 people for workshops and safety meetings.

School of Business and Economics Building—Houses the Labovitz School of Business and Economics, which includes the Departments of Accounting, Economics, Finance and Management Information Sciences, Management Studies, and Marketing. The building features a new, state-of-the-art financial markets lab and general-purpose computer lab.

Chemistry Building—Accommodates the Department of Chemistry and Biochemistry, and its classrooms, laboratories, and a 100-seat and a 400-seat lecture hall.

Cina Hall—Houses classrooms, laboratories, and offices for the Departments of Interdisciplinary Studies, Political Science, Sociology-Anthropology, and Geography; the Institute for International Studies; as well as psychology research laboratories. The Department of American Indian Studies is on the first floor.

Chester Park Building—Temporarily provides offices for the American Indian Learning Resource Center, and the Departments of Communication Sciences and Disorders, Psychology, and Social Work. The offices of the College of Education and Human Service Professions are on the first floor.

Darland Administration Building—Is home to UMD's Student Accounts, the Cashier, and the administrative Offices of Financial Aid and Registrar (OFAR) on the first floor. The upper floors of the building house the Business Office, University Relations Office, Facilities Management, Academic Support and Student Life, Campus Police, Continuing Education, the Chancellor's Office, Academic Administration, Sponsored Projects Administration Office, and the Graduate School. The Administrative Data Processing Center, mailroom, and the offices for AFROTC staff are in the basement.

Engineering Building—Contains classrooms and engineering laboratories, and offices of the Swenson College of Science and Engineering, and the Department of Chemical Engineering.

Malosky Stadium/Griggs Field—Named after Richard L. Griggs, who provided funds for the facility. This complex includes 3,800-seat Malosky Stadium, which hosts day and evening football games, track events, soccer and intramural activities, as well as outside events held by local high schools, community colleges, and other community organizations.

Health Services (HS)—Houses the clinical facilities for providing health care services, an on-campus pharmacy, and individual and group counseling and therapy services for students.

Heller Hall—Houses the Departments of Computer Science, Geological Sciences, and general-purpose classrooms.

Humanities Building—Accommodates the classrooms, studios, and faculty offices of the Departments of Art and Design, Music, English, Foreign Languages and Literatures, and Women's Studies and Writing Studies; offices of the School of Fine Arts; studios of KUMD-FM; and general purpose and CLA computer labs.

Kirby Plaza—Houses the DTA bus hub and Plaza Food Court, the Childcare Center, the Office of the Dean of the College of Liberal Arts, the International Education Office, and offices for the School of Pharmacy, and University for Seniors. Print Services, a large general-purpose computer lab, a two-way interactive video classroom/conference room, and instructional space are also located in the building.

Library—In addition to being home to the Northeastern Minnesota Historical Center, the 167,570-square-foot UMD Library building and Annex house the University's electronic and paper collections, two full-service computer laboratories, two electronic instruction classrooms, one multimedia group study room and 24 other group study rooms, and three adaptive equipment rooms. The Library provides services and access to both traditional paper resources and electronic information resources that support the learning, teaching, and research activities of the UMD community. The Library's Web-based catalog is accessible to faculty, students and staff from the library, campus computer labs, and office, home, and dormitory computers.

Life Science Building—Houses the Department of Biology, the Olga Lakela Herbarium, laboratories, a greenhouse, classrooms, and two 200-seat lecture halls.

Lund Plant Service Building—Located just off College Street, this facility houses the heating plant, the chiller, various shops, and several Facilities Management offices.

Marshall Performing Arts Center—Includes the 600-seat Mainstage Theatre, and the Dudley Experimental Theatre, classrooms, and offices; provides performance and rehearsal space for the Department of Theatre and many music, dance, and other performing groups from on and off campus.

Introduction and General Information

School of Medicine—Houses the Medical School Duluth, providing space for classrooms, laboratories, offices, research, and the medical school's administrative offices.

Montague Hall—On Ordean Court, this facility includes the laboratories for the communication sciences and disorders program, as well as several general-purpose classrooms, two auditorium units, a general-purpose computer lab, offices, and classrooms used by the education department.

Ordean Court—Located on the east side of campus, this courtyard is a memorial to Albert L. Ordean featuring a statue of Daniel Greysolon, Sieur du Luth, created by Jacques Lipchitz with funds provided by Mr. Ordean.

Residence Dining Center—Between Kirby Student Center and the residence hall complex, this facility features dining services and several conference rooms.

Solon Campus Center Building—Home to the Knowledge Management Center and Student Assistance Center—which include financial aid and registration—as well as the Office of Admissions and Career Services, this facility also houses the Department of Mathematics and Statistics, and offices, computer labs, conference rooms, and classrooms.

Sports and Health Center—Housing offices of the Departments of Health, Physical Education, and Recreation, this complex features Romano Gymnasium, Ward Wells Field House, Malosky Field/Griggs Stadium, a swimming pool, an Olympic-size ice rink, sports medicine facilities, classrooms, meeting rooms, and locker rooms for students, faculty, staff, and intercollegiate teams.

A new, 46,000-square-foot addition completed in 2006 features the very latest in state-of-the-art strengthening, toning and fitness equipment of all types. The two-story addition contains group exercise rooms for core training, aerobics, student group classes, yoga, and the Kinesis System; and a 37-foot climbing wall featuring the latest in climbing trends, including a "bouldering component." The recreational gymnasium contains multi-purpose flooring, which allows a wide variety of open, informal recreational activities such as basketball, volleyball, badminton, and in-line skating. The fitness center houses 65 cardio machines, as well as treadmills, elliptical machines, upright and recumbent bikes, and various other weight machines. The fitness center also includes a "cardio theater" (a cable TV system with wireless audio that users can plug into with their own headsets).

The UMD Department of Athletics occupies 10,000 square feet of the new addition, using the space for both on- and off-season team training

of all UMD sports—from tennis to football. UMD's strength and conditioning coaching staff also have offices here.

James I. Swenson Science Building—Expands undergraduate laboratory teaching space for chemistry, biochemistry, and molecular biology; and upper division laboratory/research space for cell biology and related courses. The building includes supplemental student study and group meeting spaces and faculty offices.

Tweed Museum of Art—Established in 1958, the museum is considered the region's major resource for the visual arts. Alice Tweed Tuohy donated a collection of 650 works of art that she and her husband, George P. Tweed, had acquired since 1923. Alice and her daughter, Bernice Brickson, provided major funding for the construction of the state-of-the-art museum facility which has since undergone three major expansions. In 1988, the Sax Sculpture Conservatory was built with museum endowment funds provided by the estates of Jonathon, Simon, and Milton Sax. Today, the Tweed collection has grown to nearly 3,500 fine art objects. Considered a state and national treasure, the Tweed Museum of Art exhibits a permanent collection of old master, 17th- through 19th-century European and 19th- and 20th-century American art. Innovative exhibitions of contemporary art and related public programs broaden University and community access, encourage participation through interactive education, and facilitate understanding of the creative forces that generate them.

University Housing Facilities—Four residence halls (Burntside, Griggs, Vermilion, and Lake Superior), Goldfine Hall, four apartment complexes, and the Heaney Hall Service Center are located on campus. See the Housing section of the catalog on page 12.

Voss-Kovach Hall (VKH)—Houses the laboratories, classrooms, and faculty offices of the Departments of Mechanical and Industrial Engineering and Music as well as a photography lab operated by the Department of Art and Design.

Ward Wells Field House—Connected to the Sports and Health Center by a tunnel, this open-span structure features a composition floor and provides indoor track, tennis courts, volleyball courts, and other facilities for physical education classes, intramural sports, recreation, and athletic practice.

Weber Music Hall—Designed by world renowned architect Cesar Pelli, this state-of-the-art performance facility opened in October 2002. Marked by its unusual elongated-elliptical shape and copper-tiled dome, the building's auditorium seats nearly 400 people for vocal and instrumental performances and boasts state-of-the-art sound reinforcement and acoustic equipment. The building's 21,000 square feet also encompass a striking lobby and many rehearsal rooms, which share the auditorium's acoustic features.

Lower Campus

UMD's lower campus includes buildings constructed before 1947. They accommodated UMD's predecessors—the Duluth State Teachers College and the Duluth State Normal School—and include:

Research Laboratory Building—Originally home to the Laboratory School, this building now provides research office and laboratory space for the Large Lakes Observatory, and geology and archeometry research.

Washburn Hall—A former residence hall, Washburn now provides office and research space for the Sea Grant Program and the University of Minnesota's Northeast District Extension Service.

Other Property

Donors also have contributed other property to UMD, including:

Coleraine—Formerly a USX (U.S. Steel) research facility, this minerals research laboratory on approximately 25 acres falls under the direction of the Natural Resources Research Institute.

Glen Sheen—A 22-acre historic estate listed on the National Register of Historic Places, the Congdon family donated this property to the University of Minnesota in 1968. It includes a 39-room Jacobean revival mansion flanked by a carriage house, gardener's cottage, boathouse, clay tennis court, bowling green, and formal gardens. The estate was opened as a museum in July 1979. See the Glen Sheen Web site at www.d.umn.edu/glen.

Limnological Research Center—This center for limnological work on Lake Superior is on London Road, at the mouth of the Lester River.

Natural Resources Research Institute—Houses administrative offices, a natural resources library, research and development laboratories, a composite wood products pilot plant, and a Geographic Information System facility in support of research programs in the areas of forest products and peat and minerals development. The Insti-

tute's laboratories also support work on water and the environment with particular emphasis on environmental chemistry and ecosystem studies.

Northland Advanced Transportation System Research Laboratories (NATSRL)—Located on Interstate 35 near Carlton, Minnesota, NATSRL is a cooperative research and education initiative of the Minnesota Department of Transportation, the University of Minnesota Center for Transportation Studies and its Intelligent Transportation Systems Institute, and the UMD College of Science and Engineering. NATSRL was established in 2001 to investigate transportation issues unique to northern Minnesota—in particular, issues related to winter transportation systems for small urban areas.

Research and Field Studies Center—Comprised of approximately 100 acres that were formerly a part of the Northeastern Agricultural Experiment Station, the center now provides facilities for biological field studies and materials and equipment storage.

WDSE-TV—On campus, this public television facility offers opportunities for cooperative programming and production experience.

Services

Alumni Association

The UMD Alumni Association serves as liaison between UMD and its approximately 47,000 graduates. The Association actively partners with the campus community, providing service, expertise, leadership, and resource development. It promotes academic excellence and initiatives benefiting UMD and its current and future alumni.

The goal of the Alumni Association is to be a valuable and meaningful resource for UMD and its graduates. It encourages alumni to stay connected to each other and the University through a variety of activities. All alumni receive the magazine, *The Bridge*, and the UMDView via e-mail. They have access to UMD educational and recreational facilities, are invited to social and educational activities, and are represented on several campus committees. An online alumni directory, calendar of alumni events, and KUMD listening are available at www.umdalumni.com.

Children's Place

The UMD Children's Place provides full-day care for the children of UMD employees and students. The program is licensed by the State of Minnesota to care for children between the ages

Introduction and General Information

of six weeks and five years and is open from 7:30 a.m. to 5 p.m., Monday through Friday. For more information or an application, visit www.d.umn.edu/cehsp/childrens_place/.

Food Services

The Kirby Plaza Food Court, located on the second floor of the Kirby Plaza Building, offers food choices to please all tastes. Taste of ITALIA offers three Italian entrées each day, along with a selection of salads, soups, and its famous pizzas. Burger Hub features 1950s décor—complete with a jukebox—where students can top a Hubba Burger or try one of the Hub's popular combo meals. The Daily Special is where students, faculty and staff can find a different entrée and soup each day. Sweet Dreams and Wraps doubles as a mini coffee shop in the mornings with flavored coffees, cappuccino, and fresh bakery items; then converts to the campus source for freshly made wraps at lunchtime. Grab N Go convenience store offers fresh, wrapped sandwiches and salads, soup, chips, ice cream, and candy for people on the go. The Center Court Grill offers an upscale menu of sandwiches, salads, appetizers, Cooney Islands, and other items, served by friendly wait staff in a quiet, appealing atmosphere.

Students, faculty, and staff can purchase Dining Dollars and add them to their U Card accounts at the U Card office, 127 Kirby Plaza. These can be used to purchase meals in the Dining Center and at other campus dining locations. In addition, anyone may purchase a meal ticket—good for individual meals—in the Dining Center. Contact the Dining Center cashier (218-726-7195 or visit www.d.umn.edu/food/Dining/dc.htm) for meal ticket purchase and other Dining Center information. Both of these options allow for flexibility and variety when eating on campus.

The UMD Catering Department provides the campus community with quality food and prompt, courteous service for all catering needs. Services range from small receptions to formal banquets. For more information, visit www.d.umn.edu/food or call 218-726-7177.

See the Housing section or contact the Housing Office for details on dining as it relates to room and board accommodations.

Health Services

Located at 615 Niagara Court between Goldfine and Lake Superior Halls and next to Heaney Hall, UMD Health Services is open from 8 a.m. to 4 p.m., Monday through Friday. Appointments are encouraged; to schedule one, call 218-726-8155.

For more information, visit www.d.umn.edu/hlthserv/.

Services available to students who have paid the health fee include general outpatient medical care, physical exams, gynecologic services, and sports medicine. Laboratory and X-ray services and minor surgery may be billed to patients' health insurance. In addition, Health Services also provides some medications to students (with pricing comparable to local pharmacies), as well as individual and group counseling and therapy services to those experiencing ongoing or situational psychological or behavioral difficulties.

It has an active health education department, with trained peer educators who teach students about health issues important to student life, and a wellness outreach program to help students develop healthier lifestyles. Programs focus on the developmental needs of University students and are designed to maximize their potential, so they can fully benefit from the academic environment and University experience.

Students with after-hours and weekend emergencies can receive care from emergency physicians at St. Luke's Hospital (218-249-5616); St. Mary's Hospital (218-786-4357); St. Luke's Urgent Care (218-249-6095); or SMDC Urgent Care (218-786-6000). These services are provided at the student's expense.

To summon an ambulance for serious emergencies, students should call 911. For mental health emergencies, call the Miller Dwan Crisis Line at 218-723-0099.

UMD Health Services advises students to call the 1-800 phone number on their insurance card prior to going to a hospital or urgent care center. UMD Health Services does not pay for services at these locations.

Housing

A variety of furnished housing is available at UMD for students who wish to live in University residence halls, suites, and apartments. UMD offers housing to 1,564 students in traditional residence halls, 96 students in suites, and 1,359 students in apartment-style units.

Requests for information about, or assistance in securing, accommodations in the residence halls or apartment complexes at UMD should be addressed to the Housing Office, 149 Lake Superior Hall, 513 Niagara Court, Duluth, MN 55812-3046. Application for housing and application for admission are two separate processes. The housing contract is binding for the entire academic year.

Recreational and educational opportunities are an integral part of student life in all residence halls and University apartments. Each residence area has trained, live-in student-staff members available to assist students with concerns or problems.

University Residence Halls

Four residence halls (Burntside, Griggs, Vermilion, and Lake Superior) house men and women on campus. All rooms are furnished with beds, mattresses, desks, dressers, chairs, lamps, draperies, wastebaskets, telephone with voice mail, computer Ethernet outlets, basic cable television service, and compact refrigerator. Students should bring their own bed and bath linens, and other personal necessities. Each hall provides common study areas, vending machines, and laundry facilities.

Goldfine Hall

This three-building complex includes 24 suites and 52 apartments. Each suite can accommodate four students, and has two bedrooms, one bathroom, living room, and study area. Furnishings include beds, mattresses, desks, chairs, desk lamps, wastebaskets, draperies, couch and cushioned chair, coffee table, study table and chairs, telephone with voice mail, computer Ethernet outlets, basic cable television service, and refrigerator.

The apartments have two bedrooms, one bathroom, living room, kitchen, and an eating area. They are furnished like the suites, with the addition of a stove. Students must provide their own bed and bath linens, wastebaskets, dishes, and kitchen utensils. Each apartment can accommodate four students.

Study areas, vending machines, and laundry facilities are available.

Meal Plan Options

Students living in residence halls and suites must choose one of four meal plan options. Meals are served in the Dining Center, between Kirby Student Center and the residence halls.

University Apartments

In addition to Goldfine Hall, four campus apartment complexes are available for UMD students. All apartments are furnished with a stove, refrigerator, dining table and chairs, couch and chair, end table, desks and chairs, desk lamps, closet and dresser space, beds and mattresses, draperies, shower curtain, computer Ethernet outlets, basic cable television service, and telephone with voice mail. All utilities are included in the rental rate.

Apartment residents must provide their own wastebaskets, cooking and eating utensils, bed and bath linens, and other personal necessities.

Stadium Apartments—This three-building complex, adjacent to a tree-bordered creek, has 78 apartments. Each apartment can accommodate four students and has two single bedrooms, one double bedroom, two half baths, a kitchen, and living-dining area. Laundry facilities are available in each building.

Junction Avenue (Apartments Mesabi and Cuyuna Halls)—This two-building complex has 37 apartments. Each can accommodate four students and has two bedrooms, a full bath, kitchen, and dining-living area. Laundry facilities, recreational facilities, and study lounges are available in this complex.

Oakland Avenue Apartments (Oak, Aspen, Birch, Balsam, and Basswood Halls)—This five-building complex has 127 apartments. Each can accommodate four students and has two bedrooms, a full bath, kitchen, and dining-living area. Laundry facilities, recreational and study lounges are available in this complex.

Heaney Hall—This two-building complex has 56 apartments. Each unit can accommodate four students and has two bedrooms, a full bath, kitchen, and dining-living area. Study lounges and recreational and laundry facilities are in the Service Center, connected to the complex.

Semester Break Housing

Burntside and Vermilion Halls and Stadium Apartments are the only University housing open semester break—from 8 p.m. on the last day of fall semester final exams to noon, the day before classes spring semester start. All other housing facilities are closed during the semester break.

To qualify for semester break housing, residents must meet all of the following requirements:

1. Reside in Burntside Hall, Vermilion Hall, or Stadium Apartments on the last day of fall semester classes; and
2. Complete a Semester Break Housing Request form and submit it to 149 Lake Superior Hall on or before the last day of fall semester classes.

Residents who wish to stay during the semester break, but who are not residing in Burntside Hall, Vermilion Hall, or Stadium Apartments during fall semester, may submit a request for assignment change to one of these facilities. Requests are approved on a first-come, first-served basis, dependent on availability of space.

There is no charge for semester break housing.

Off-Campus Housing

Listings of available privately owned, off-campus housing facilities for students are maintained by the Kirby Student Center, and are available in Room 115. Arrangements for off-campus housing are the responsibility of the individual student.

The University does not inspect these off-campus facilities. Usually, landlords require a lease and an advance deposit. Students should be certain that the accommodations are acceptable and establish an exact rental period before making a deposit and signing a lease.

The UMD Food Service provides meal options for students who live off campus.

Information Technology Systems and Services (ITSS)

ITSS provides the campus community with a high quality, stable, and reliable technology environment in support of the campus mission. ITSS helps faculty, staff, and students use technology to their best advantage and provides technical leadership and planning for future applications of these rapidly changing technologies. Specific services include the following.

- Cost-efficient, general-purpose computing, and support of advanced document processing, laser printing, ITSS servers, file storage, electronic mail, statistics, Web services, computer graphics, and other applications.
- Maintenance of a campus-wide network that interconnects central system computers, department and faculty computers, computers in instructional labs, and student computers in all residence halls on campus. In addition, network users can connect to computers on other campuses and to other national and international networks.
- Windows and Macintosh microcomputer labs with software for word processing, databases, spreadsheets, and graphics.
- Interactive television classrooms that allow students to participate in courses taught at other locations in the state.
- Support for the use of technology in the classroom, including computers and projection devices for presentations.
- Audio-visual equipment checkout, maintenance, and consulting.
- Telephone services, including a centralized voice mail system.
- Staff services, including a Help Desk (218-726-8847); consulting and programming;

software training; entry of data, programs, and documents; and the generation and scoring of multiple choice tests.

- Support for applications related to student data, staff demographics, personnel and payroll, storehouse, University financial information, research administration, and Graduate School information.
- Hardware and software support and maintenance for certain microcomputers and UNIX-based workstations.

Call the ITSS Help Desk at 218-726-8847 for assistance; or visit the www.d.umn.edu/itss for more information and Help Desk hours.

KUMD-103.3 FM

KUMD is a 100,000-watt FM radio station that offers music alternatives and news and information programming to the UMD and Northland communities. The station also streams its programming world wide via the Web at www.kumd.org. KUMD's schedule features "Northland Morning," a mix of music and news on weekday mornings; "The World Café" on weekday afternoons; "R.P.M." (postmodern rock) in the evening; and blues and rock on weekends. Live, in-studio music performances by local, regional, and national acts also are an important part of its programming, and the station offers opportunities for students to gain experience as on-air hosts or as for-credit interns in news, public affairs, and marketing. KUMD is located in 130 Humanities Building.

Library

The UMD Library is the place to get connected to information resources for a successful college career. Whether campus users are connecting via its Web site at www.d.umn.edu/lib, by telephone, via Instant Messaging or e-mail, or in person, the library offers solutions for information needs, academic, and research success.

Collections

Library collections provide the best of contemporary and traditional research tools. The UMD Library's online collections include more than 30,000 journal titles, e-books, research databases, and other resources, which are far more suitable than are resources available elsewhere on the Internet for writing term papers, completing course assignments, and conducting academic research. The on-site collections include more than 700,000 print items and a variety of sound and video recordings, DVDs, and microforms.

Services

The campus starting point in the search for authoritative information resources, the library's Web site, www.d.umn.edu/lib, serves as a first choice when looking for information pertaining to coursework and research. For expert assistance, reference librarians are available to offer one-on-one advice. Contact them by telephone, by e-mail, through online chat, or in person at the library. "Ask Us!" is a service that offers library assistance to students and the campus community at www.d.umn.edu/lib/askus/. Library information professionals also provide introductory and advanced group instruction.

Library users who can't find what they need in the library's online or on-site collections can connect to MnLINK, the Minnesota Library Information Network, a statewide virtual library that electronically links Minnesota's rich library resources. Through MnLINK, the UMD Library can borrow materials from other libraries via Interlibrary Loan Service.

Facilities

Libraries have always been known as quiet places to study, and the UMD Library provides quiet spaces for individuals as well as for students using computers and working in groups. The Library has two full-service computer labs, two electronic classrooms, 24 group study rooms, one multimedia group study room, and three adaptive equipment rooms.

Students can listen to music for classes, watch videos or DVDs, and use instructional CD-ROMs in the multimedia group study room. The computer labs feature both PCs and Macintosh computers, scanners for use in scanning text or images, as well as a wide range of software for editing audio/video files, designing multimedia Web pages, and creating PowerPoint presentations.

The first floor adaptive equipment rooms serve students with special needs. These rooms offer computer stations with adaptive keyboards as well as other helpful equipment. For individuals with visual impairments, software installed at these stations can scan text, read text back, and print in Braille or enlarged text.

Wireless access is available to UMD students, faculty, and staff throughout the main library building, with the capacity to accommodate 180 simultaneous users. The Library provides 199 computers in public areas: 102 Sunrays (thin client computers), 69 PCs, and 28 Macs. The group study rooms in the newer building all have hard wired Internet access. Electrical outlets are

built into tables and study carrels throughout the facility.

When classes are in session, library hours are typically 7:30 a.m. to midnight, Monday through Thursday; 7:30 a.m. to 7 p.m., Friday; 9 a.m. to 5 p.m., Saturday; and noon to midnight, Sunday.

Police

The University of Minnesota Duluth Campus Police are responsible for law enforcement, security, and emergency response on the UMD campus. The police work closely with federal, state, and local law enforcement agencies, including the City of Duluth Police Department and the St. Louis County Sheriff's Office.

To report crimes or obtain information about safety and security issues, contact the UMD Campus Police, 287 Darland Administration Building (218-726-7000).

After hours, call 911 for both emergency and non-emergency matters.

QuickCare Clinic

Quick Care is an on-campus clinic for UMD employees, spouses/same-sex domestic partners, and dependent children. QuickCare is located in Room 101, UMD Health Services Facility, 615 Niagara Court (218-726-8666; www.d.umn.edu/umdhr/quickcare).

QuickCare clinic provides services for a wide variety of conditions, including but not limited to: common illnesses, screening tests, skin conditions, and vaccines. If you have a question regarding services for a particular condition, call the QuickCare Clinic at 218-726-8666. No appointments are necessary and visits usually take about 15 minutes. QuickCare is an in-network provider for all UPlan medical program options and no referrals are needed. If you are a UPlan member, your copayment is \$5 per QuickCare visit for and screenings.

Recreational Sports Outdoor Program

The Recreational Sports Outdoor Program promotes healthy, active lifestyles and connections to the natural world through personal and professional experiences. A wide variety of sports, fitness, and outdoor programs provide some of the most varied and comprehensive programming in the country and take advantage of the great natural areas that are within close proximity to UMD. Indoor and outdoor recreation facilities on

Introduction and General Information

campus are used by more than 90 percent of the student body, as well as by many faculty, staff, and community members.

Activities, programs, and events are provided through the following programming areas:

- Intramural sports—structured leagues and tournaments in individual and team sports
- Fitness and wellness—informal and structured opportunities in activities such as weight training, jogging, cardiovascular fitness, open time use of facilities, aerobic exercise, massage therapy
- Sports and outdoor clubs—organized around a particular sport or outdoor activity for higher skilled competition, social, and/or skill development
- Aquatics—recreational, instructional, and fitness programs in the pool such as lap swimming, hydro-aerobics, scuba
- Paddling—flat water and white water instruction, events, and trips for canoeing, kayaking, and rafting
- Climbing—indoor and outdoor climbing instruction, events, and trips
- Natural history and environmental education—hikes, bird watching, plant and animal observation/understanding, and outdoor learning

The Recreational Sports Outdoor Program is funded by student services fees, user fees, and outside sources. The office at 153 Sports and Health Center is the primary source for information on programs, policies, facilities, and schedules. For more information, call 218-726-7128 or visit www.umdrsop.org.

Speech-Language-Hearing Clinic

The Robert F. Pierce Speech-Language-Hearing Clinic provides services for the community and UMD students and faculty with communication disorders. Those who have concerns about hearing, voice, stuttering, accent reduction, or other communication problems should contact the clinic early in the semester at 5 Montague Hall (218-726-8199).

UMD Stores

UMD Stores are located on the street and lower level of the Kirby Student Center with convenient parking and entry through Kirby Plaza on Kirby Drive (218-726-7286; www.umdstores.com).

Lower Level features office and school products, computer supplies, and textbooks. Services include special orders, fax, and photo processing. Along with textbooks, UMD Stores lower level sells general, reference, and medical books; and supplies, UMD Stores Gift Cards, Bulldog Phone Cards, UMD class rings, and more. During the academic year, UMD Stores lower level is open from 7:30 a.m. to 6 p.m., Monday through Thursday; 7:30 a.m. to 4:30 p.m., Friday; and 11 a.m. to 3 p.m., Saturday.

Cash for Books Buyback is held in UMD Stores during finals week of each semester. A daily buyback is also held from the fourth week through the tenth week of each semester at the Returns Counter in the lower level. For more information about buyback call 218-726-7286. For textbook inquiries, orders, reservations, and information on ordering products from UMD Stores, visit the Web site at www.umdstores.com.

The Computer Corner, located inside the lower level of UMD Stores, sells computers, computer software and accessories, calculators, and electronics. It also sells lab access cards and has many demonstration machines and software packages available for students, faculty, and staff to try. Educational pricing is available for all students, faculty, and staff. Special orders at competitive prices are placed daily. For more information, call 218-726-6218.

Street Level features official UMD wear and gifts, art supplies, and a convenience store located near the UMD Kirby Plaza DTA Bus Hub. During the academic year, UMD Stores street level is open from 7:30 a.m. to 8 p.m., Monday through Thursday; 7:30 a.m. to 5 p.m., Friday; and 11 a.m. to 5 p.m., Saturday and Sunday. The street level carries a wide variety of items including hockey jerseys, sweatshirts, T-shirts, shorts, sweatpants, jackets, caps, socks, mittens, children's clothing, backpacks, pen/pencil sets, frames, greeting cards, mugs, water bottles, gift wrap, magazines, posters, health and beauty items, candy, beverages, ice cream, grocery and bakery items, party supplies, stationery, balloons, Bulldog Phone Cards, UMD Stores Gift Cards, and much more. UMD wear and gifts also are available at selected athletic events throughout the year. Special orders are available upon request by calling 218-726-8766.

Student Life

Convocations, Lectures, and Concerts

The University offers a varied series of lectures, concerts, and dramatic performances presented by students and faculty, as well as guest artists and lecturers. The School of Fine Arts, Kirby Program Board, "Kirby Late Night," and student organizations collaborate to bring noted American and international attractions to campus. Information about these presentations and community programs can be obtained by contacting the Kirby Student Center Information Desk (218-726-7163).

Intercollegiate Athletics

A variety of intercollegiate varsity sports are available to all UMD students. UMD competes nationally at the NCAA Division II level, except for men's and women's ice hockey, which compete in NCAA Division I. The men's and women's athletic teams are members of the North Central Conference, again with the exception of ice hockey, which belongs to the prestigious Western Collegiate Hockey Association. The various UMD teams use the Duluth Entertainment and Convention Center for men's and women's ice hockey; Griggs Field at Malosky Stadium for football, women's soccer, and men's and women's outdoor track and field; Bulldog Park for baseball; Junction Avenue Field for softball, Romano Gymnasium for men's and women's basketball, and women's volleyball; Ward Wells Field House for men's and women's indoor track and women's tennis; and the Lester Park Golf Course for men's and women's cross-country. Visit Intercollegiate Athletics at www.umdbulldogs.com/.

International Student Program

More than 200 international students from more than 40 countries are enrolled at UMD. The campus' international student adviser provides support and counseling for these students about admission, orientation and registration, and adjusting to the United States, as well as information on U.S. immigration regulations.

The UMD International Club is an exceptionally active student organization with members from the U.S. and abroad. The club meets regularly and members participate in a variety of social and service activities. Members of Friends of International Students (FIS), a community volunteer organization, host special events and assist students in many ways, such as offering new

students tours of Duluth and inviting students to share holiday celebrations.

The international student adviser, UMD International Club, and FIS work together with the University and the community to provide an excellent educational, social, and cultural experience for international students. For more information, contact the Office of Admissions, 23 Solon Campus Center (218-726-8962).

All international students, except those from Canada, must have a skin test for tuberculosis within 45 days of their initial registration at UMD. The test is free to student and is performed at UMD Health Services, 615 Niagara Court.

Kirby Student Center (KSC)

Named for Stephen R. Kirby, the Duluth and Iron Range civic and business leader who made the major individual contribution toward its construction, the Kirby Student Center was opened in June 1956. Kirby Plaza and Multicultural Center were added September 2004. The Kirby Student Center is home to student organizations, the Student Association (student government), the Kirby Program Board, the Statesman (UMD weekly newspaper), the Greek Council, the Multicultural Center, the Council of Religious Advisors, Minnesota Public Interest Group (MPIRG), the Women's Resource and Action Center, and Disability Services and Resources.

In addition, the Games Room, Ballroom, meeting and multi purpose rooms, "Rafters," the performing arts center, Residence Dining Center, UMD Stores, Student Activities Center, adviser offices, Food Court, Auxiliary Services, Printing, Graphics and Photocopy Services, ATM machines, TCF Bank, University Federal Credit Union, The Coffee House, and multiple lounges and gathering spots for students, faculty, and guests are all located in the building.

UMD Statesman

UMD's weekly newspaper, the UMD Statesman, is written, edited, and managed by students, and is funded by the student service fee. Every student receives the paper, which is published every Thursday and online at www.d.umn.edu/statesman. Students can get involved with the paper in various ways, with positions ranging from editor-in-chief, section editors, copy editors, and reporters to advertising representatives, business manager, photographers, and production artists. The office includes an updated computer system, allowing for digital output printing, as well as bookkeeping capabilities for the business office.

Student Government

“One Body, One Mission”

The UMD Student Association (UMDSA) is a representative system of student government open to any member of the UMD student body. The UMDSA’s mission is to be the official voice of the student population, and has the responsibility to advocate for student concerns, needs, desires, and opinions across campus via media, campus committees, and student input with the administration and Board of Regents. It also oversees the Student Legislative Coalition’s (SLC) lobbying efforts.

SLC advocates for students’ views on University quality, affordability, and accessibility. A refusable/refundable fee charged to students each semester supports these lobbying efforts.

For more information about UMDSA or SLC, call 218-726-7178, visit 115 Kirby Student Center or the UMDSA Web site, www.d.umn.edu/~umdsa.

Student Organizations

UMD has more than 150 student organizations open to any interested student. By joining an organization, students can meet others with similar interests, learn new skills, participate in leadership opportunities, and make a difference in the campus community.

To learn more about student groups or find a listing of e-mail contacts for groups of interest, visit www.d.umn.edu/~student/stuorg/list.cgi or stop in the Student Activities Center on the first floor of the Kirby Student Center, across from the Kirby Information Desk.
