

# TWIN PORTS FRESHWATER FOLK

The next topic and speaker are:

**“Watershed geomorphology as a tool for understanding sediment problems in the Twin Ports and Greater Minnesota”**

**Dr. Karen Gran**  
*Department of Geological Sciences*  
*University of Minnesota Duluth*

**Wednesday, March 5, 2008**  
**11:30 AM - 1:00 PM**

**US EPA Mid-Continent Ecology Division**  
**Ontonogon Room**  
**6201 Congdon Boulevard**  
**Duluth, MN**

*Come and greet those you know and meet those you don't know.  
Tell them what you are doing, and find out what they are doing.*

## **Sub sandwiches and fresh water will be provided**

The Twin Ports Freshwater Folk is an informal gathering of people from the Twin Ports who are engaged in freshwater research, policy, or regulation issues, for networking and informal discussion. Meetings take place the first Wednesday of every month.

**The Twin Ports Freshwater Folk meetings are sponsored by:**

CENTER FOR FRESHWATER  
RESEARCH AND POLICY

Minnesota Pollution Control Agency

**U.S. EPA Mid-Continent Ecology Division**
