

Department of Chemistry & Biochemistry

Summer Undergraduate Research Program

Application Deadline: March 8, 2017

We are pleased to announce our Summer Undergraduate Research Program (SURP). Interested students are encouraged to apply. Successful applicants are expected to conduct research in Chemistry, Biochemistry, or a closely related field under the supervision of a member of the Chemistry graduate faculty.

- The research award will be based on a competitive evaluation of academic performance, transcript, personal statement, and letters of recommendation.
- Each award is \$4,300. *Housing, health insurance, and transportation are **not** included in this award.*
- Preference will be given to students who (1) are completing the third year of Chemistry or Biochemistry curriculum, (2) plan to attend graduate school, and (3) have not previously received a SURP award.

➤ In addition to their research projects, students will participate in weekly seminars, research group meetings, recreational activities, and the SURP Poster Symposium.

➤ SURP Award winners are expected to complete a total of ten weeks (*i.e.*, approx. 40 hours per week) during the summer.

➤ **Application Criteria:** Applicants must be (i) undergraduate students majoring in Chemistry or Biochemistry who have completed at least two years of college-level chemistry, and (ii) a U.S. citizen or permanent resident of the U.S.

➤ For complete information concerning SURP, faculty research projects, and online application, please visit www.d.umn.edu/chem.

➤ Online applications and letters of recommendation must be received by March 8, 2017.

➤ Apply online at <http://www.d.umn.edu/chem/undergraduates/surp/index.html>
