

Department of Chemistry & Biochemistry

Summer Undergraduate Research Program

Application Deadline: March 2, 2015

We are pleased to announce our Summer Undergraduate Research Program (SURP) for the summer of 2015 and interested students are encouraged to apply. Successful applicants are expected to conduct research in chemistry, biochemistry/molecular biology (BMB) or a closely related field under the supervision of a member of the Chemistry graduate faculty.

- The research award will be based on a competitive evaluation of academic performance, transcript, personal statement, and letters of recommendation.
- Each award is \$4,300. *Housing, health insurance, and transportation are not included in this award.*
- Preference will be given to students who (1) are completing the third year of Chemistry or BMB curriculum, (2) plan to attend graduate school, and (3) have not previously received a SURP award.
- In addition to their research projects, students will participate in weekly seminars, research group meetings, recreational activities, and the SURP Poster Symposium.
- SURP Award winners are expected to complete a total of ten weeks (*i.e.*, approx.. 40 hours per week) during the period of June 2 - August 8, 2014.
- **Application Criteria:** Applicants must be (i) undergraduate students majoring in Chemistry or BMB who have completed at least two years of college-level chemistry, and (ii) a U.S. citizen or permanent resident of the U.S.
- For complete information concerning SURP, application forms, faculty research projects, and other documents, please visit www.d.umn.edu/chem or 246 Chem.
- Completed applications and letters of recommendation must be received by March 2, 2015.

- Send your SURP applications to:
