

POSITION ANNOUNCEMENT

TEMPORARY INSTRUCTOR/ASSISTANT PROFESSOR DEPARTMENT OF CHEMISTRY AND BIOCHEMISTRY UNIVERSITY OF MINNESOTA DULUTH

The University of Minnesota Duluth Department of Chemistry and Biochemistry (<http://www.d.umn.edu/chem>) is seeking one full-time temporary instructor/assistant professor for the spring 2010 semester.

Duties include:

1. Teaching undergraduate chemistry lecture and laboratory courses including general chemistry and liberal education chemistry.
2. Supervising teaching assistants.
3. Serving on departmental committees.
4. Carrying out other departmental duties as assigned.

Appointment dates: 1/14/10 through 5/30/10.

Qualifications:

Essential

Good communication skills as they pertain to teaching and advising.

Instructor: MS in Chemistry or closely related field (e.g., Biochemistry, Toxicology)

Assistant Professor: PhD in Chemistry or closely related field (e.g., Biochemistry, Toxicology)

Desired

Instructor: MS in Chemistry. One or more years of college level chemistry teaching experience. Experience in academic chemistry lab setting involving research or instruction with supervisory responsibility (e.g., teaching assistants).

Assistant Professor: PhD in Chemistry. Two or more years of teaching college level chemistry lecture and lab courses. Experience in academic chemistry lab setting involving research or instruction with supervisory responsibility (e.g., teaching assistants).

Deadline: Completed applications will be reviewed beginning November 23, 2009 and continuing until the position is filled.

Application Procedure: To apply for this position, please visit the University of Minnesota Employment System website: <https://employment.umn.edu>, using job requisition # 163663.

The application will consist of the electronic application form plus the following materials, which may be sent directly to the Search Committee Chair (below) or attached electronically: letter of application (with current email address and telephone number); curriculum vitae; undergraduate and graduate transcripts (unofficial copies are acceptable); description of teaching experience (with emphasis on chemistry lecture and lab courses you have taught); and names, addresses, phone numbers and email addresses of three references.

Dr. Paul Siders, Search Committee Chair
