EE Program Educational Objectives

Consistent with the mission of the University, the Duluth campus, and the College, the Electrical Engineering program educational objectives are to produce graduates who will....

1. Develop a productive career. [Public service, teaching and learning, career foundation mission]
2. Advance knowledge in their field through technical innovations and scholarly research. [Research mission]
3. Integrate the imparted ethical foundation, creative purpose, and technical knowledge into responsible citizenship. [Teaching and learning, liberal education mission]
4. Contribute to the well-being of their community. [Public service, teaching and learning mission]
5. Pursue life-long learning. [Teaching and learning, research mission]
