Proposal form for ES electives

Director of the ES Program – Mike Mageau
328 Cina Hall • 218-726-6133 • mmageau@umn.edu

Once the majority of the ES program core for either the major or minor is completed, students may submit this application. The courses within the proposal must be courses that will be taken in the near future. 

Courses already taken may not be accepted. Students are required to consult with their advisor or ES Director before selecting their elective courses. The ES director has the final approval. **NOTE: This form reflects the ES major requirements as of fall 2012.**

**MAJORS:** Since the major does not require a minor or second field of study and if students elect to have a second field of study, only **two proposed courses** may be applicable to the second field of study. 

Proposing additional courses to satisfy multiple minors/majors may not be accepted. Students with a major submit this form to their ES Advisor. **(8 credits; 4 courses)**

**MINORS:** Students with a minor may apply only **one proposed course** that is also applicable to another field of study.

Proposing additional courses to satisfy multiple minors/majors may not be accepted. Students with a minor submit this form to the ES Director. **(9 credits; 3 courses)**
