Elmer was homeless for awhile with his friend, Elsie, another Cocker Spaniel rescue and their human mom. After their mom died, Elmer and Elsie came to live at Tornado’s house. He came from English Cocker Rescue group and we don't know a lot about him. What we do know: Elmer has such a great personality, he loves everyone. When he comes to PAWS he likes to greet the cats and gives Thomas the cat sloppy kisses. He is a definite counter-surfer and you cannot believe the reach he has to get at a loaf of bread or a cookie! He will roll over 5 times in a row for a treat and is learning to roll in the opposite direction to challenge his senior dog brain. Elmer is a lapdog. He does not like car rides but tolerates them to get to school, parades, and other events where he is needed. If you were ever having a bad day, Elmer would make you feel like you were the greatest person in the world.
