Wait for EAD to be Mailed from USCIS

- It takes approximately 2 to 3 months for USCIS to process your request and mail your EAD to the address listed on Form I-765.
- Several weeks after you apply, you should receive a receipt notice (Form I-797) in the mail from USCIS.
- Students who file a timely application can continue employment while the extension application is pending, until a final decision on the I-765 or for 180 days, whichever comes first.

The EAD will reflect the dates of your employment authorization.

Travel Outside the U.S. During Your 24-month Approved OPT Extension

Travel with these items: Passport with valid visa stamp, EAD card, letter of employment, I-20 form with valid travel signature.

(Travel signatures are only valid for 6 months)

NOTE: Per SEVP guidance, overseas travel is not recommended when your 24-month OPT extension application is pending and your EAD has expired.

Step 4: Important Reporting Requirements While on Your 24-month OPT Extension

ISS is required to have a copy of your EAD. Upon receipt of your EAD, email a copy (front and back) to intserv@d.umn.edu, include your student ID number.

SEVIS is now requiring verification that you are actively employed along with the name and address of your current employer at 6 months and again at 12 and 18 months after the start date of your 24-month extension whether or not there has been a change to this information. Please email ISS with your employer info every 6 months, even if it does not change.
You are required to send the information to ISS at intserv@d.umn.edu at least 15 days before and no more than 31 days after the due dates. Failure to submit your current employer’s name and address at these intervals will result in termination of your F-1 status.

NOTE: You are responsible for keeping track of these dates! ISS will not send you a reminder!

I-983 Reporting Requirements

- An updated form I-983 must be submitted to ISS within 10 days of starting new employment or if there are material changes to the I-983 plan, including: change of employer or EIN, reduction in compensation, significant decrease in hours per week worked or any decrease below the 20 hours per week required under the STEM rule.

- You must tell ISS within 5 business days of employment termination or departure

- Students must complete 2 self-evaluations during their STEM extension, one before the end of the first 12 months of STEM OPT - “Evaluation of student progress”. The second concluding evaluation at the end of their 24 months - “Final evaluation of student progress”. This must be signed by the student and their immediate supervisor, and then a copy of the document must be submitted to ISS.

- Also note that the Department of Homeland Security may conduct employer on-site reviews at worksite.

Additional Reporting Requirements:

- You are required to update your mailing address and/or name change in the University System within 10 days of any changes.

- You are required to report changes to the name and address of your employer or any interruption in your employment to ISS within 10 days of any change.

- Accumulated unemployment during the entire OPT authorization period may not exceed 150 days. Employment must be 20 hours per week or more. Volunteer work or unpaid internships in your field do not count as employment. Keep written documents of all employment. If you have accumulated more than 150 days of unemployment, you will no longer be in F-1 status. Please notify ISS several weeks before you reach 150 days of unemployment.

- Notify ISS if you change your visa status or permanently depart the U.S. before your OPT period ends.

- Official admission to a new degree program and transfer to a new school during OPT will void any remaining time on your EAD. This time cannot be re-captured at a later date.

- Students enrolled at UMD (Grad 999 or other courses) are required to maintain the Student Health Benefit Plan Insurance unless they qualify for a waiver.
