Return to messages
Send
Skip back
Skip forward
Slow down
Speed up
Stop
Yes
One, Two, Three, Four,
Five, Six, Seven,
Eight, Nine, Zero/Oh

Switch from speech to keypad commands at any time by entering a keypad command, then return to speech commands by pressing 8 5 4. To improve speech recognition, you can record a selected list of custom commands in your own voice.
**Desktop Messaging**

You can log in to CallPilot through your e-mail to receive and send CallPilot messages. You can play and record voice messages, view and create faxes, delete, reply, forward, call the sender, compose new messages, attach files, create distribution lists, and change your password.

**My CallPilot**

You can log in to web-based My CallPilot from most computers with Internet access.

**CallPilot Messages**

Receive and send your CallPilot messages.

**CallPilot Features**

View and change your mailbox features and options, and My CallPilot preferences.

**Useful Information**

View personalized user information for your mailbox, and view or print CallPilot user guides.

**Access to e-mail**

Receive e-mail from one or more of your e-mail accounts.

**Remote text notification**

Receive notification of new CallPilot messages on an e-mail device. Set up in My CallPilot.
