

# LIBRARY FIRST FLOOR

**Adaptive Technology Rooms** - (L122, L124, and L126) computer hardware and software for students with special needs

**Best Sellers** - fiction and non-fiction books from several best sellers lists

**Circulation Area** - check out books, media, CD's, older newspapers; pay fines; pick up Interlibrary Loan Items

**Computers** (not shown) - 17 basic access PCs and 12 Sunrays are on this floor

**Guest Computers** - four guest computers are on this floor; get a login and password from the Circulation Desk

**Instructional Labs** - (L115 and L116) computer labs designed for teaching library skills and specialized, hands-on computer classes; used as full access labs when not used for teaching

**ITSS Lab and STAC** - (L118) full access computer lab. STAC is open in the evenings and on weekends for students seeking help with software, hardware, password problems, digital cameras, and other technology issues. STAC is open Monday-Friday during the day in KP1146.

**Media** - areas for viewing or listening to various media, *e.g.* dvds, cds, etc.

**Multimedia HUB** - the Multimedia Hub can help if you want to incorporate video, sound, images, text, and/or animation into a presentation, lecture, or a class.
