UMD 604 - Pollution Prevention/Good Housekeeping BMP

Title: **Fertilizer and Pesticide Handling and Application**

Addresses Minimum Measures: I  Public Education and Outreach
   III  Illicit Discharge Detection and Elimination
   VI  Pollution Prevention/Good Housekeeping

Target Audience: University Employees
                Maintenance Contractors

Description: Sub-committee to review grounds keeping practices for fertilizer and pesticide handling and application. They will make recommendations for improved storm water quality, write fact sheet, train, and implement fact sheet recommendations.

Measurable Goals:  Timeline:

1. Review current practices  • December 2003
2. Make recommendations  • February 2004
3. Write fact sheet  • April 2004
4. Train employees  • June 2004
5. Implement procedure  • July 2004

Specific Components:
- Review current practices for storm water implications.
- Interview employees responsible for these areas.
- Write fact sheet for each area.
- Implement.

Educational Components:
- Inform employees through email, website, and/or meetings.

Responsible Party: University of Minnesota Duluth Storm Water Steering Committee
