

UMD 619 – Pollution Prevention/Good Housekeeping BMP

Title: **Handling of Hazardous Materials and Environmental Pollutants**

Addresses Minimum Measures: I Public Education and Outreach
III Illicit Discharge Detection/Elimination
VI Pollution Prevention/Good Housekeeping

Target Audience: University Employees

Description: Review of current handling and storage procedures for the Robert W Bridges Fleet Grounds Maintenance waste storage shed by U of MN Environmental Health and Safety Department. Update training for employees regarding the use of the waste storage shed.

Measurable Goals:

1. Review procedures and equipment necessary in the event of a spill (EHS)
2. Update training for those who use storage shed

Timeline:

- September 2003
- November 2003

Specific Components:

- EHS to review procedures and equipment needed with FM.
- Address proper handling procedures of materials stored on a short-term basis.

Educational Components:

- Train employees how to react in the event of a spill.

Responsible Party: UMD Storm Water Steering Committee
