You can now safely dispose of your unwanted and expired medications at a year-round drop box.

What medication is accepted:

Prescription, over-the-counter and pet medication in any form from households.

Pills, capsules, tablets, blister packs, creams, gels, inhalers, IV bags, liquids, patches, powders, sprays and vials.

- Keep medications in the original container and place in a sealed, clear plastic bag.
- Use a marker to cross out your name on the container.
- Drop off is anonymous - NO ID required.
- If you don’t have the original container, place in a sealed, clear plastic bag and write the name of the medication on the bag.

Old and unused medicines in your home can pose a risk for accidental poisoning, theft, and drug abuse. Research has shown that medication put in the trash or flushed may pollute water and harm fish and wildlife.

FREE DISPOSAL SITES
