To Whom It May Concern:

Mind 2 Mind program offers an opportunity for MSW students who would be interested in volunteering with our after-school program, starting on January 20, 2009.

Mind 2 Mind is a free after school program for youth ages 6-14 living in the East Hillside/Endion neighborhood. Our mission is to work with the neighborhoods residents and organizations to make their neighborhood a good place to live by supporting academic achievement and social development of diverse low-income neighborhood youth. Mind 2 Mind supports youth by providing a safe after school environment with positive role models to assist with mentoring, tutoring and enrichment activities.

Mind 2 Mind operates from 3:00-6:30 p.m. (times vary depending on volunteer's availability) Monday through Thursday. This would be a great opportunity for students to build relationships and practice leadership and interpersonal skills in work with **culturally diverse group of children**. In addition, we have opportunities for program development and implementation by volunteers if interested.

We ask that volunteers give a commitment level of one day a week throughout the entire semester but welcome and appreciate anything above and beyond this. Also, we need more volunteers especially in period of January and February, 2009.

If you have any questions please do not hesitate to call. You can contact:
