24-Hour Crisis Line · Hospital Advocacy Counseling · Legal Advocacy · Support Advocacy

- We provide services that are victim-centered and driven.
- We see the service of providing respectful, non judgmental and confidential support as the foundation of our agency.
- We believe all victims of sexual violence deserve to be treated with dignity and respect.
- We act as a liaison with other community services and support the choices victims make for themselves.

The University of Minnesota is an equal opportunity educator and employer.
