

Scoring Your Learning Styles Assessment

Place the point value on the line next to its corresponding item number. Then add up the values in each column to obtain your learning styles preference scores. The highest score indicates your strongest learning preference. Equal scores in two or more learning styles indicate someone who is comfortable in more than one type of learning situation.

Scoring:

Strongly Agree = 5 points

Agree = 3 points

Disagree = 1 point

Visual	Auditory	Kinesthetic
3. _____	1. _____	2. _____
4. _____	7. _____	5. _____
6. _____	11. _____	10. _____
8. _____	12. _____	16. _____
9. _____	14. _____	18. _____
13. _____	15. _____	19. _____
17. _____	20. _____	21. _____
_____	_____	_____

- ◆ Visual learners prefer to learn by *seeing* graphs or text.
- ◆ Auditory learners prefer to learn by *hearing* or *speaking*.
- ◆ Kinesthetic learners prefer to learn by *doing*, *touching*, or *moving*.

- ◆ Learning Preferences are just that-*Preferences*. Everyone learns using some combination of ALL of these ways!
