

Homework Guidelines

- The front page of your homework should contain:

Your name

MATH(or STAT)_____ ← insert class number such as 1297

My name

t.a. name (if you have one)

Sections turned in for the assignment (for ex. 12.1, 12.2, 12.3)

- Staple ALL pages of the assignment being turned in together
- Write on only one side of the paper
- Only one problem per line - in other words do not do two columns of different problems
- Do problems in sequential order
- Completely erase mistakes - do not scribble out
- Use pencil
- The turned in assignment should be in "final form." Re-copy it if need be. It should not be messy, unorganized, etc. or you will receive a zero.
