To best prepare for the final exam, you should study the below persons, groups, places, concepts, theories, events, or things as if you needed to write brief essays about them. You will need to understand their significance to this class. (For example, you need not know the full biography of Ho Chi Minh; you must, however, be able to identify his significance to the war in Vietnam, which I have discussed in class and is also discussed in Foner’s book.) For the below items think in terms of what, who, why, where, when, and how.
