15. What does your instructor do especially well?

He does an exceptional job at relating the importance of healthcare and how it is important to build a database to store the information.

16. What could the instructor do to improve his/her teaching?

Overall the course is challenging so slowing down when teaching the class about building the database would be nice.

15. What does your instructor do especially well?

Was very good at helping people out if they got stuck.  
If somebody got stuck or behind he could always catch them up.  
Also, did very well at demonstrating projects and homework.  
Made them easy to understand.

15. What does your instructor do especially well?

He explains things very well. He was very helpful for the semester project, which I thought was most interesting part.

16. What could the instructor do to improve his/her teaching?

The one thing could do better is let us know who the TA is so we could also ask him/her questions.

15. What does your instructor do especially well?

He is very knowledgeable and tries to relate the course to real life. He explains things well to really try to get the students to understand.

16. What could the instructor do to improve his/her teaching?

I think we needed to spend more time in class learning about Word and Excel and stuff, but he was great at teaching so I wouldn't change anything about the way he taught.

15. What does your instructor do especially well?

Brings practical application to our learning.

Motivates, interests me to learn more, in addition to what we cover in class.

Keeps expectations high in order to measure achievement.

16. What could the instructor do to improve his/her teaching?

More clearly state the goals of the course, some of the other students did not seem to understand the significance of the exercises & assignments.

**G. (Optional) Additional items added by Instructor:**

I would like to take more classes w/ this professor/instructor in the future. I feel motivated to learn more about how this course and future ones will improve my education and future career,
