		Eastern Meadowlark *	
	Fringillidae	Purple Finch *	
		House Finch *	
		Pine Siskin	
		American Goldfinch	
		Evening Grosbeak	
	Passeridae	House Sparrow *	

Notes: You will be expected to identify by vocalization those species marked with an *.

We will almost certainly encounter species highlighted in **bold** during field trips. We may encounter the others.

Detailed notes for any species highlighted in gray will need to be provided the first time they are detected during individual field identification trips.

We reserve the right to add vocalizations to this requirement for species that are regularly encountered during our field trips. You will be responsible for visual identification of **all** species encountered during the field trips whether they appear on this list or not.

Use the "Observed" column to place a check mark for those species encountered during our field trips.
