illustrator lesson 3: creating and editing shapes  10 points

1. Read Lesson 3, pp. 84–119.
2. Follow along using the lesson 3 exercise files.
3. Make note of any questions that arise as you go through the chapter.
5. Complete the black square problem. (Class handout)
6. Show tools.ai, snowboarding.ai, and black square problem to me during class to get credit for completing the lesson.
