Finishing the Wrapping Up

This week we finish the wrap up of the course, except, of course, for the Final Exam which is next week. The other main event this week, besides reviewing for the Final Exam, is having a look at your colleagues' Presentations. Yes, this week we get to see the crown jewels of the semester—your presentations.

This semester UMD designated Wednesday to Friday of this week as official Study Days. Make good use of them.

And we have *two* live chats to announce, one is at 7:00 p.m. this Tuesday, and there will also be one on Tuesday during the exams. They are both handy times to ask questions about the Final Exam. But if that time is not convenient, e-mail. . . .

Study Questions for the Final Exam are available on-line at

<https://canvas.umn.edu/courses/226515/assignments/1519411>  s2021.

And to conclude the week, take a couple of minutes to look at the World Clock that The Food and Agriculture Organization of the United Nations (FAO) is tracking. Food, Climate Change, Worldwide Water Problems, Global Immigration are all important things to keep track of when you're looking at Global Cultures.

Video materials used in class illustrate many topics covered in this course. Consider these presentations *similar to lab sessions*, that is, watch them carefully and critically rather than simply watch another movie or video. The exams will include these materials, and it will be assumed that you have paid critical attention to them.

Dates and videos/films may change.
