Anthropology of Food Week 5

"Cooks and Kitchens"

and Midterm Preparations

Catch Up

And this week, take a little time to catch up . . .
The Midterm Exam is coming up —next week.

The annotated questions from the assignment of last week will be available shortly to use as study questions.

Other Information on the Midterm Exam is available at

**Midterm Exam General Information**

**After the exam** *(next week)*

we’ll spend much of the rest of the semester (up until it we look at your Research Project) examining how people get their food in nonindustrial and industrial cultures, and in exploring the social, corporeal, sacred, psychological, political, economic, and cultural aspects of food—that’s the holistic anthropology approach *(you remember that from Week 1)*.

In short, after the Midterm Exam,

**“Food and Culture”** will be our focus.
And, hopefully, in the last part of the term you will be applying your analytical anthropological skills that you have been developing and honing in the first four weeks of the course.

Assignments and Events

. . . this week are listed on your "Calendar".

They are also listed on the “Syllabus” section of your folder, if you prefer to have them in another form (see below).
And the “Syllabus” version is found here:
