2. Food Fight

(video)

... no, no ... not like La Tomatina in Buñol, Valencia, Spain ...
Our *Food Fight* is a Chris Taylor film, the winner of more than a dozen awards. It’s a “fascinating look at how American agricultural policy and food culture developed in the 20th century, and how the California food movement rebelled against big agribusiness to launch the local organic food movement.”
This week, in the other materials, we’ll continue to have a look at globalized industrial food; in *Eating Culture* we’ll have a look at Food Sovereignty and Food Security, and a peek at Localizing Global and Globalized Commodities.

This week you can pick from a *smörgåsbord* of ideas on what Gillian Crowther calls “Gastro-Anomie”—Food Sovereignty, Food Security/Insecurity, Cuisines, and other side topics.
