Course Survey
(from ITSS)

If you haven't already done so, please take time to **step back and reflect on the semester**, and make some suggestions for next time around. We ask you to reflect on the course itself, and tell us what you think by evaluating the course and its parts. Please take time to respond. Your responses are very useful and helpful to us, and to the operations of the Department and University. We look to you for suggestions for improvement in the future, and various administrators look to and at the results for program and performance evaluations and for the future planning of course offerings. Course evaluations are one of the few places where you can have a real influence on how the University operates in the future.

The Information Technology Systems & Services (ITSS) sent you an
Invitation to Participate in an Online Course Evaluation.

Evaluations are important to me, the Department Head, and the Dean, as well as everyone in our Department.

Please fill the online Course Evaluation out carefully.

Evaluations are anonymous, and will not be seen by the instructor until final grades for this course have been recorded.

Thanks,

Tim Roufs

One good way to review is to go back over the introductory parts of the “What’s Happening?” weekly memos, and use them as study notes for the Final Exam. You can find all of them listed under “Announcements” in your Canvas folder.
